

Dear Abubakar,

Thank you for your letter. It's great to hear you have different hobbies and interests, that is excellent. My nephew loves playing computer games too. He sometimes tries to teach me. I am not very good, so he gets very frustrated with me! It's a shame your computer got a virus, but maybe you managed to spot some of those wonderful things in the world, I mentioned instead! I bet you now appreciate it because you didn't have it for so long.

I have lived in Eltham for over 16 years. I love being so close to central London, but I enjoy visiting Oxleas Woods and Greenwich Park for some peace and quiet.

So, your ambition is to be an actor. That is excellent. Have you been to the theatre? I love going to the theatre and I am missing going at the moment. I am so looking forward to life getting back to normal. Follow your shooting star and follow your dreams, you never know, you might become a star!

Good luck

Best Wishes

Linda
